Dear Sirs;

I believe the time has come to settle the Microsoft case. I have no earthly way of knowing all the facts in this. I do know that some of the states have agreed to settle and I think the Department should do just that. See to it that they all agree and you gentlemen and ladies get back to your business. This has gone on long enough. It has taken a toll on the taxpayer. I am not even sure they did anything wrong, but you are in a better position to determine that. Thank you for your time. Have a good new year.
